Cauldron Boiling

24 File For Office; Two More Announce

The Milam County political cauldron was boiling to a close this week as two more candidates announced before the May 5 filing deadline.

Meanwhile Max McClaren, chairman of the Milam Democratic Executive Committee, announced that 24 candidates had officially filed for precinct, county, state or federal posts up for Democratic primary vote July 26.

Latest candidates for political office to announce were incumbent County Judge Charles C. Smith, Jr., and Robert Weems, both of Cameron. Judge Smith announced for re-election to the county judge's post while Weems announced as the fifth candidate for County commissioner, Precinct 2.

McClaren told The Herald Wednesday that filing deadline for the primary was midnight, Monday, May 5. He said any applications by mail must be postmarked by midnight, May 5.

He pointed out that 28 candidates filed for the 1956 Democratic primary. McClaren said that the filing fee possibly will be higher this year due to a smaller number of candidates having filed thus far. McClaren listed the following candidates already filed:

COUNTY OFFICERS— County judge, Don G. Humble; county clerk, Wayne Wieser and incumbent Homer Nabours; county superintendent of schools, incumbent Hinton H. Pruett; county surveyor, W. F. Talafuse; county treasurer, Miss Gertrude Batla, and incumbent Mrs. Ida A. Johns.

COMMISSIONER, PRECINCT 2 —Robert Weems, W. E. "Speedy" Braden, Wilder K. "Ace" Graham and LaVert C. McKinney.

COMMISSIONER, PRECINCT 4 —R. M. McCasland.

JUSTICE OF THE PEACE — Precinct 1, Gene Kirk, incumbent B. G. Rice and Gus Evans, Sr., all of Cameron; Precinct 2, John Thweatt; Precinct 3, Wesley Woods; Precinct 4, Leonard Allen; Precinct 5, L. M. McDonald; and Prerinct 8, E. C. Hoppe.

OTHER OFFICES, CANDIDATES— District clerk, incumbent Grady Allen; representative of 56th District, incumbent Herman Yezak; congressman of U. S. 11th District, W. R. Poage; associate justice, Court of Civil Appeals (Third Supreme Judicial District), Robert C. Hughes.

In Cameron Judge Smith and Joe S. Hickman, Jones Prairie, have announced for office but had not filed at presstime with McClaren. Hickman has announced for county commissioner, Precinct 2.

YHS Band Wins Regional Firsts At Waco Meet

The Yoe High school band has scored a clean sweep of first division ratings in concert and sight reading for the 21st consecutive time in regional competition.

Director Francis Cox announced that the YHS band won firsts in the two fields April 25-26 in the University Interscholastic League at Waco.

Individual and ensemble entries won seven more firsts in instrumental fields, Cox said.

He pointed out that Cameron was the only AAA school performing Saturday that rated a first. All other AAA bands rated second or lower.

Solo and small ensemble winners were: piano solos, Catherine Mikula, first; Karen Adams, first; Teena Jane White, first; and Jane Russell, second.

Trombone solo, Margaret Nance, third.

Flute quartet (Laura Swift, Darlene Moore, Judy Shapiro and Mary Alice Duncum), first; snare drum quartet (Gail Griswold, Carroll Frances Moore, Joyce Hannon and Beverly Schiller), first; trombone quartet, (Ina Ruth Hays, James Rackley, Sharon Laywell and Margaret Nance), first; and flute quartet (Ann Allison, Vera Perrin, Jackie Dusek and Connie Gerick), second.

Yoe High School's band has rated a first division award every year in the regional since 1937 and first in state in concert playing, Cox noted.

Unusual Research Preceeds Designing Of Cameron 'Giant'

An unusual research team, made up of veterinarians, sculptors, animal nutritionists and artists, conducted a series of unique studies to make the interior displays of "The Champ" faithfully accurate and educational.

"The Champ" is the giant lifelike plastic Hereford steer mounted on a 34-foot trailer which goes on display at Feeders Supply, Saturday. It was made by the Ralston Purina Company and is touring the country to promote a better understanding of the cattleman's business of producing beef for our nation's people.

Baby Contest Winner

Richard E. Williams, Jr., two and one-half year old son of Mr. and Mrs. Richard E. Williams, 2001 N. Cleveland, was named second place winner in the Central Texas Baby Photograph Contest. The Waco Herald-Tribune sponsored the contest and carried the winning photograph of Richard in their Sunday edition.

Hail, Wind Hit Farm Crop During Week-End Rains

MILAM EROSION CONTROL — M. J. Sparks, Milam County farmer, (left) and Wayne Mann, Cameron Soil Conservationist, look over the roots of some alfalfa grown in Sparks field. The 12-acre field, located on Sparks' farm four miles south of Cameron, averaged 764 bales or 2½ tons of alfalfa per acre in 1957. Liberty Community Farms Suffer Heavy Hail Damage Sunday P.M.

Wind and hail accompanied steady rains over the weekend in Milam County, causing heavy hail damage to about 15 farms in the Liberty Community area and wind damage to several others.

Rains totaling 1.78 inches fell in the Cameron area over a four-day period.

Hail struck a 15-farm area in Liberty Community east of Cameron, causing an estimated $40,000 to $50,000 crop damage.

William F. Arthur, Milam County Farm Bureau representative, said that an area centering around the farms of R. T. Shafer, Adolphus Hartley, Jim Hartley and R. D. Wise, all of Rt. 3, Cameron, was struck by hail about 3 p.m. Sunday.

He said about a dozen other farms in the area suffered damage ranging upwards to total losses in produce crops and fruit.

Limited Area Hit

Hail apparently was limited to the area east of Little River. Scattered hail was reported elsewhere in the county, but no major damage.

Arthur said that tomato, corn, watermelon and tree fruit crops in the traditional Milam County produce belt suffered heavily.

Hail the size of golf balls struck Sunday, he siad.

Meanwhile wind took the front porch roof off of the M. L. Waller home Sunday night in Hoyte Community. Waller reported damage also to chicken houses. Total damage was estimated at $3,000.

Lightning struck the Roy Law farm home April 25 in Salem Community. No estimate of damage was available.

Wind Losses

Other damage reported included wind losses on the John A. Smith farm in the Branchville area April 21. No estimate of damage was made by officials.

Heavy winds April 21 also lifted the Port Sullivan Methodist Church (Colored) from its foundation. Extent of damage was not estimated.

Farm officials said heaviest damage was in the Milano area where the hail struck. No loss due to the steady rains was noted.

Rainfall totals over the weekend were: April 26, .20; April 27, 1.47; April 28, .02; and April 29, .09.

Drilling Starts On Deep Wildcat East Of Milano

Milam County had a new 6,500 foot deep wildcat starting late last week, the San Antonio Express oil editor, Nancy Heard, reported in her column Thursday.

The new test is being drilled by Coastal Trend Oil & Gas Company of Corpus Christi and The Skinner Corporation, San Antonio. It is the No. 1 G. P. Norman, located about two miles east of Milano, and about three or four miles from the Thomas Lott No. 1 Buer Ranch, which was abandoned a couple of months ago at 5,669 feet.

Location is on a 556 acre lease in the James Welch Survey.

The drilling crew was reported being hampered by bad weather and muddy roads, but have completed erection of the derrick and the drill site.

The wildcat will be the third-deep try in this area. Besides the recent Buer Ranch test, Byrd Oil Company of Dallas drilled an 8,000 foot hole on the Smith tract several years ago.

Alcoa Visitation Attracts 3,000 At Milam Plant

Nearly 3,000 members of Alcoa families visited the Alcoa Rockdale Works this week as the plant observed a three-day Family Visitation period.

Over half of the visitors came Sunday before torrential rains of 4.14 inches stopped the tour. Other visitors were divided between Monday and Tuesday.

This was the first wide-scale visitation of Employees' families since the 1954 open house, at which time the plant was officially dedicated.

"We are pleased that so many members of the families showed an interest in seeing where Alcoans have worked this year without a lost-time accident," Works Manager R. R. Sugg said.

Judge Announces Safety Council For Milam Area

A county-wide safety council is being formed to study traffic problems and recommend a safety program coinsiding with Gov. Price Daniel's state-wide crackdown on highway accidents.

County Judge Charles C. Smith, Jr., has announced a committee on safety that will meet in the near future to recommend a program for safer driving in Milam County.

He told The Herald that Milam school, municipal and county officials will recommend ways to cut down on highway accidents and fatalities.

Named to the safety council were: Mayor Bassel Wilson, Cameron; Mayor L. C. Mehaffey, Rockdale; Mayor Emil Moerbe, Thorndale; Police Chief Maynard Byers, Cameron; and Chief G. E. Allen, Rockdale; State Highway Patrolmen John Blansit and Jack Straley; County Superintendent Hinton Pruett.

Also Carroll Zeigler, district engineer of the state highway department; Arthur Bowling, district maintenance foreman; Supt. Wiley Loughmiller, Cameron; Supt. W. M. Moorman, Rockdale; Supt. W. W. Wilson, Milano; Supt. Roy Dorsett, Thorndale; Supt. Mrs. Coy Arledge, Buckholts; Sheriff Carl Black and County Atty. Bob Nelson.

Judge Smith said that others would be named to the project committee.

The committee will consider greater safety measures such as more traffic signs on main routes and at entrances to towns, center striping of farm-to-market roads and other measures, Smith said.

Weather Notes

Cameron area weather forecast is for cloudy and cool today and Friday with occasional thundershowers, clearing over the weekend.

Animal Shot Clinic Set At Buckholts

Rabies vaccinations for pets, dogs and cats will be held Friday, 10 a.m. to 12:30 p.m., at the vocational agriculture building in Buckholts High School.

Vaccinations will be administered by Dr. R. M. Titsworth. The program is sponsored annually by the Buckholts FFA chapter.

C. Titsworth, vocational agriculture instructor, stated that rabies was possible in all warm blooded animals and advised bringing all pets in for a vaccination as a protection for all children and adults in the community.

Broiler Show Set For Saturday Here

The Cameron Chamber of Commerce's annual junior broiler show will open at 9 a.m. Saturday at the Brode Building, Cameron, according to Chamber Secretary Jan Speer.

The event will be climaxed by a banquet for broiler growers and sponsors 7:30 p.m. Saturday at Simon-George Hall.

Officials asked that all entries have their chickens in their coops by 9 a.m. for pre-judging contests.

Regular judging will begin at 10 a.m. with E. D. Parnell, poultry expert from Texas A& MCollege, judging the 100 entries.

The 100 junior growers received their birds in February from 100 Chamber member sponsors in Courthouse lawn ceremony. Boys and girls from around the county are participating in the poultry contest.

Prizes for the outstanding entries of birds will be awarded at the banquet Saturday night, Mrs. Speer said.

Banquet tickets will be on sale at the Chamber office, Cameron, for parents or friends wishing to attend.

Officials urged that all Chamber sponsors contact the growers and attend the banquet.

The public is invited to visit the showing and judging of the birds during the day at the Brode building.

Garden Club To Distribute Free Plants Friday

The Civic Garden Club will sponsor a Free Plant Distribution center starting at 9:30 a.m. Friday in front of the building formerly occupied by Safeway on West Main Street.

Anyone in the community who can use additional plants is invited to "bring a sack' and select free plants Friday.

Mrs. L. R. Wallace, chairman of the project also invited anyone with surplus plants to bring them to the distribution center Friday morning.

Rev. Cobb Visits Jerusalem, Beirut

(Milam County's Rev. Cobb reports this week from the Middle-east. He left New Delhi, India, went on to Karachi, Pakistan, a Moslem country, before emplaning for Jordan. But Rev. Cobb describes it. — Ed.)

By Rev. Gerald R. Cobb

EMPLANED OVER JORDAN— High above the country of Jordan, I am flying back toward the city of Beirut from a visit to Jerusalem.

How I have made the trip so far is amazing. I am rather like an egg in Charlie Lucko's egg sorter.

I hand my passport over to some official-looking person and then sit down and wait until he beckons. Going through customs, I could almost bring the Taj Mahal with me. In New Delhi as the inspector checked my luggage, two of my Gurka knives fell out.

"Oh, oh, what are these," he said.

I smiled, then shrugged. He asked if I knew if it was against the law to have them. Again I smiled and shrugged. Looking around the room with a sly glance, he told me he had seen nothing. He then closed the bag.

I asked him if he wanted me to open the big bag.

'No!' he exclaimed, "I have seen too much now."

I smiled. He smiled. And thus I said goodbye to India, my second country.

In a few minutes the French girl across the aisle of the plane will say, "Mr. Cobb, we are in Beirut." People seem to love to be of assistance to others.

Jerusalem today is a city of shrines. On every spot where it might be possible to recognize something of the quiet and peace of 2,000 years ago has been "shrined" into a monstrous place for tourists. Mammoth churches cover every spot that might be connected with Jesus.

Capacity Group Sees Senior Class Play

A near-capacity crowd saw the Yoe High School senior class play, "Almost Summer,", come to a rousing conclusion Thursday night at YHS Auditorium.

Paul Jones, played by Make McDermott, finally triumphed over a series of comical setbacks to gain admission to the University in the fall and freedom for a summer at the lake.

His friend, Jack, played by Burnes Thomas, did not fare quite so well, but found that summer school sometimes is better than a conscience hurting.

The two were in the center of a turmoil revolving around passing a final exam in history. If Paul got 95, he went to the University and the lake. If he fell below. it meant summer school.

What went on before he finally triumphed with a 95 in history was told by a cast of 10 directed by Mrs. C. L. Canady.

Paul's girl, Jane, played by Peggy Burke, and Paul's parents, Mr. and Mrs. Jones, played by Janice Bridges and Ray Green, led a merry chase after Paul until all was well in the end.

Mr. Smudgely, the school superintendent, was played by Clifford Swift. Junior, Paul's brother, was played by Dwight Moody and Mary Paul's sister, was portrayed by Myrna Gail Jackson.

Lydia Krenek played the maid, Anna, and Ann Graham played the role of Lilah Johnson.

Stage manager was Todd Lawrenre and prompter was Peggy Hightower.

School Boards To Meet Tuesday

Two special meetings of the Cameron school board culminated in an invitation to 10 county dependent school districts to meet Tuesday with the local board.

Supt. Wiley Loughmiller told The Herald that the Cameron board will discuss measures with the trustees of the districts which are sending 208 students into the Cameron district.

The Cameron board is negotiating with the districts for some financial relief for the students attending the Cameron system.

Loughmiller said transfer students are presently attending classes in Cameron without charge to ease cost of instruction.

The board met with Marlow and Ad Hall trustees last Tuesday night and will meet with all 10 districts 7:30 p.m. Tuesday at Ben Milam School Cafeteria, Cameron.

The group includes Ad Hall, Marak, Marlow, Branchville, Buckholts, Sharp, Davilla, Rogers and two others sending transfer students to the Cameron system.

The board has proposed to Branchville trustees per pupil support.

ROCKDALE WORKS — Alcoan J. W. Neeley of Cameron shows daughter, Pamela Kay, the area where he works during the Family Visitation at the plant Sunday. An estimated 1,500 people toured the smelter Sunday. The Visitation continued Monday and Tuesday.

Lions Club Plans Annual Broom Sale

The annual Lions Club Broom Sale has been set for Tuesday afternoon May 13, in downtown Cameron, according to Louis McKee, sale committee chairman.

He told The Herald that proceeds from the sale of brooms, mops and similar items will go to the Lions Crippled Children's Hospital, Kerrville.

The broom sale truck will be parked across from the New Cameron Drug Store, McKee said. He expressed the hope that all Milam Countians would assist the drive for proceeds May 13.

Stockmen Can See Sorghum Almum Demonstration At John Good Farm

COUNTY AGENT NOTES

By J. D. Moore, County Agent

A demonstration using two rows of sorghum almum, two rows of perenial sudan grass, two rows of common sudan and two rows of sweet sudan, were planted last year by Johnnie Good. Mr. Good's farm is on the left, past Mr. Jekel's Store on the Maysfield highway. This demonstration is to run three years to determine how perenial sorghum almum grass is.

These grasses were all clipped about 4 inches above the ground each time they reached the height of 24 inches. As of now, the sorghum almum has not shown regrowth from the last year turf.

Mr. Good has another planting of sorghum almum on some soil bank land. This grass was not clipped or grazed. In this particular field, the sorghum almum is showing regrowth.

Stock men are invited to observe this demonstration since there is a lot of interest in this grass.

Scale Insects On Shrubbery

Mrs. E. A. Flinn's Pittosporum became infested with cotton cushion scale. This is a whitish brown insect resembling a fungus growth. They suck the sap from the stems of the plant causing a yellowing of the leaves and lowering the vitality of the plant.

The plants were sprayed with Malathion at the rat eof 2 teaspoons per 1 gallon of water. A good dormant oil spray during the winter months will prevent the scale from occuring in the spring.

Oyster Shell Scale

The D. H. Slaughter's who live on North Houston St., found oyster shell scale on their trees as well as their shrubbery. This insect is a brown colored insect resembling the shape of an oyster shell. They are found attached on the under side of the stems. A spray containing 2 teaspoons of Malathion to one gallon of water gave good control.

Peach Tree Borers

Dr. W. D. Wylie, University of Arkansas scientist, recommends Dieldrin 50 percent wettable powder at the rate of one pound in 8 to 16 gallons of water applied to the lower limbs and trunk of the trees. He recommends the application be made the latter part of May and the first half of June.

Spray Pecan Trees

Soon after pollination, or about the time the tips of the tiny nuts turn brown, pecan trees should be sprayed to control the nut casebearer. This insect is a tiny worm that enter the small pecan causing them to drop off the tree.

Timing of the spray application is very important. Control is ineffective after the worms enter the nuts. Three pounds of 50 percent wettable DDT, 2 pounds of 15 percent wettable Parathion, 3 pounds of 25 percent wettable Malathion, 5 pounds of wettable 40 percent toxaphene or 1 pt. of 40 percent nicotine sulphate plus 2 quarts of summer oil per 100 gallons of water will give good control if applied at the proper time. Any one of the above sprays are recommended. For scab control add 2 pounds of zineb (Dithane Z-78 or Parzate dry) to any of the above sprays.

The trees should be observed since some varieties are earlier. The Mahan variety is setting nuts now. They are followed in order by the Burket, Success, Desirable, Schleys, etc. About May 10, is the date pecan trees should be sprayed. Since the insecticides have a residual effect of some 5 to 7 days, some tolerance in date of spray could be allowed.

The vocational agriculture boys at Yoe High School are spraying trees for hte public for a nominal fee. Anyone wanting their trees sprayed should phone number 602, Cameron, or contact Mr. Pat Kelly, Vo-Ag Teacher here in Cameron.

The new revised Texas Guide for Controlling Insects and Diseases on Fruits and Nuts is available at the county extension office in Cameron.

PURINA THE CHAMP

SEE the Most UNUSUAL Display in America!

Whoever heard of taking a tour through the inside of a steer? That's what you are cordially invited to do when The Purina Champ arrives in town next Saturday, May 3. The Champ, an amazing, exciting, educational exhibit, is being acclaimed from coast to coast.

A beautifully modeled Herford steer, the Champ stands 12 feet from the ground and is 19 feet long. You actually walk through the animal, hear The Champ's beating heart, hear him breathing, see digestive processes at work, see an unborn calf grow before your eyes.

There's nothing like it anywhere, so be sure to see The Champ demonstrating Purina's research knowledge of what makes range cows and fattening steers tick. The Champ is dedicated to the beef industry and the folks who have made its growth possible. Tell all your friends about it. SEE YOU AT THE CHAMP.

Here's why you won't want to miss the PURINA CHAMP!

HEAR . . . the voice of the Champ.

SEE . . . a monster steer, world's largest, standing 12 feet high, measuring 19 feet long, weighing 4,000 lbs.

WALK THROUGH . . . the ribs and viscera and see the Champ's interior . . . an exact duplicate of nature . . . a fattening steer on the outside, a brood cow inside.

SEE . . . Beef in the making . . . how the rumen bacteria turn feed into beef See the part that proteins, vitamins, carbohydrates and minerals play in producing beef and maintaining body functions.

HEAR . . . the Champ's heart beat and listen to his breathing.

SEE . . . exactly how milk is made. You'll see why it's so important to feed a well-balanced ration made by people who know what beef and range cattle need to produce at top efficiency.

TAKE THE FAMILY . . . to see The Purina Champ . . . dedicated to the beef industry and its people!

Cameron Auto Offers Complete Name - Brand Parts Service

If you want name brand parts for any kind of automobile, truck or tractor, come to Cameron Auto Supply, 101 E. Main St.. Cameron.

That's the invitation extended by Allen Dodson and Jerry Mikula, partners in this independent auto parts business.

And it's no idle claim Cameron Auto Supply makes. The list of name brand parts reads like a who s who of auto accessories and parts equipment.

Dodson points with pride to an operation that provides a complete parts stock and fast, efficient service.

Wide Selection

If you want recognized parts equipment, here are some names you will find at Cameron Auto Supply Co.

Spark plugs by AC, Champion, and Auto-Lite.

Oil Filter cartridges by Fram, AC and Hastings.

Mufflers and tailpipes by Walker.

Fuel pumps by AC, Airtex and Carter.

Bearings by Timpken, Hyatt and New Departure.

And other parts brands include carbeurators and pumps by Carter, a complete line of Auto-Lite and Standard ignition parts and Hastings, Perfect Circle, McQuary-Norris and Ramco piston rings.

"Our customers can depend on auto parts such as Gates fan belts we stock for all cars, trucks and power equipment, ' Dodson emphasizes. "And they will find a complete line of McQuay-Norris replacement parts."

Factory Dealers

"We are factory service dealers for Briggs & Stratton, Clinton, Lawn Boy and Power Products, two and four-cycle engines." Dodson continues. "All these are recognized for quality and performance in the auto business."

Cameron Auto maintains stocks of replacement parts for all these engines, he says.

In the auto accessories field, Dodson points out, we have Shaler, Resilone and Casite brands. In fact, we have tire tools, gas cans, funnels or any thing you might need, he continues.

"And we have a good repair department to provide our customers with quick, efficient service," he says.

"We believe that Cameron Auto Supply Co. can meet any requirements in the auto parts field. We can give honest, dependable service because we know our business," Dodson concludes.

44 Years Experience Backs Maysfield Mercantile Service

Maysfield Mercantile Co., on Waco Highway, Cameron, has 44 years in business experience to assure Milam farm owners of fair dealing and thorough knowledge of farm equipment problems.

Maysfield Mercantile has held the J. I. Case tractor franchise for 17 years, offering a complete line up of equipment that includes nine different 1958 tractor models.

The long-established Milam County firm also holds the service and sales franchise for Willys Jeeps.

Company Officers

Officers of Maysfield Mercantile are J. C. Freeman, Maysfield, president; and H. L. Yager, Maysfield farmer and rancher.

"We offer outstanding equipment repair services as well as new equipment sales," Freeman points out. "Our two mechanics, Raymond Talafuse and Thomas Nichols, have the know how to repair that farm implement for good working order."

Talafuse has attended Case's farm mechanics school and has had years of experience with farm machinery.

Maysfield Mercantile can offer the farm equipment buyer a good selection of equipment on hand, Freeman says. No waiting for most models of tractors. "We have them on the premises.'

"And our financing makes it easy for the farmer to get a good trade-in price for his old equipment and gives him up to four years to pay it out," Freeman continues.

The new Case line of tractors for 1958 features Case-o-matic Drive on three models. Freeman says the new transmission eliminates shifting, stalling, clutching, and saves the user manpower and money.

Complete Service

Maysfield Mercantile offers a complete farm equipment service backed by years of know how, Freeman emphasizes.

The company was organized in 1913 in Maysfield as a general mercantile store.

In 1941, Maysfield Mercantile obtained the J. L. Case franchise and operated in Maysfield until 1947. In that year the company built its present facilities outside of Cameron on US 77. The Case agency was brought to Cameron that year.

In 1951 Maysfield Mercantile secured the Willys Jeep agency and later the famous Gehl Forage Harvester line.

Since moving to Cameron the organization has maintained a well equipped shop where they service all makes of tractors and farm equipment. A specialty is Jeep repair.

"If you want Class A farm equipment and repair," Freeman notes, "come to Maysfield Mercantile. We welcome your business."

Constant Growth

Milam Grain Co. Increasing Area For Unloading

Constantly improved storage facilities await Milam County maize growers at 201 Cedar St., site of the old Batte Oil Mill opened last year by Milam Grain Co.

Officials of the year-old grain organization say that reconditioning is now underway to expand local storage facilities to 200 cars, about 80 cars beyond 1957 capacity.

Robert M. Clark, secretary-treasurer of the operation, says that reconditioning should be completed by June 1 before the harvest season starts.

Other Improvements

Other improvements underway at Milam Grain Co. include the enlargement of present unloading facilities to double capacity. Present facilities handled about 75,000 pounds per hour but with the increased size about 150,000 pounds capacity will be available.

Also planned is installation of new unloading facilities that will unload about 200,000 pounds of maize an hour from waiting trucks.

"We believe this will provide ample unloading capacity to keep farmers from having to wait a long time in line," Clark says.

"We have not completed arrangements for additional storage facilities elsewhere, but plan to have such facilities lined up by harvest time," Clark continues.

Clark says the year-old grain operation will have the best 1958 storage market in the area when all improvements are made.

Company Officers

Officers of Milam Grain Co. are Perry Holder, president; C. O. Andgell, vice president and manager; Clark, secretary-treasurer; and H. L. Yager, member of the board of directors along with the other officers.

Milam Grain Co. handled a total of 185 carloads of maize in 1957 in the first year of operation, Clark points out. The organization bought 60 cars of maize and put the grain on the open market and stored about 125 cars.

"These improvements are a part of a continuing process of keeping up with requirements for service in the Milam County grain market," Clark concludes.

Coming Up: Civic Self-Analysis

This is enthusiasm.

Plans for the Cameron Chamber's community improvement clinic are going full force ahead, setting the stage for perhaps one of the most important city-wide programs in memory.

The Chamber's board of directors, 100 percent strong in attendance and support, heard reports on the projected clinic May 6—7—8 from Henry Siebman and President Hilliard Thomas in a noon meeting Friday.

An enthusiastic reception awaited a Chamber industrial committee report from Lester Williams, chairman of the group. And final plans for the Chamber's annual poultry show and banquet Saturday drew hearty approval. Chairman William F. Arthur told the group plans were finalized for the consistently excellent show.

William's committee report indicated that incoming industry is not a distant dream. It can be a present reality. He also read a letter of recommendations for city improvements in 1955 that history proved a prediction of things soon to come. He named three improvements since developed; a new city water plant, a new sewage disposal plant and a city charter.

The Chamber's civic improvement clinic, set up by a Texas Power & Light Co. expert, will be attended by no less than a dozen civic and school groups in Cameron. The result will be a constructive appraisal, created by the groups' members, of Cameron's needs.

We cannot imagine a better place to start improvement plans than with the individual recommendations of Cameron citizens.

Who knows better than Cameron residents of Cameron's most demanding needs for improvements? You are the experts on Cameron. You are the people who can intelligently itemize Cameron's most pressing needs. And you are the ones who will make the improvements.

The ultimate influence of a community improvement clinic cannot be predicted. Constructive analysis of Cameron can lead to improvements bringing further agricultural and industrial development alike.

Industrial development no longer means having only basic commodities needed for industry. It also demands advantageous civic facilities, outstanding streets, schools and churches. Industry is selective right down to the appearance of our lawns and the attitude of the man-on-the-street.

Further Cameron agricultural development as a processing and marketing center can depend on general improvements as well. Milam County farmers are selective, too, in getting what they want when they want it.

Some may say that this is just talk. But, we point out that talk reflects ideas, our most powerful force. And expression of concrete ideas requires enthusiasm.

We commend to Cameron this clinic and the poultry show and community development. We forsee a resounding development of Cameron's resources by Cameron residents. We see enthusiasm.

THE LITTLE RIVER PHILOSOPHER

Sage Ponders Causes, Effects Of Receding Buying Power

Dear editar:

I was sitting out here on my farm yesterday afternoon not doing a thing, that is, it may have looked like I wasn't doing anything but actually I was building up my resistance, as I understand the Secretary of Commerce in Washington has said one solution to the threat of a recession is for business people to get out and do a better job of selling, and if they do any better than they've already done I don't see how some people are going to meet their payments.

Anyway, right out of nowhere a sudden gust of wind dropped a newspaper right at my feet and I reached out and picked it up and after I figured I had my resistance built up enough to resist whatever it had to offer I opened it up and started reading an article that has me puzzled.

According to it, the reason this mild recession, and that's all I suspect it is, has hit this country is because "the people lost confidence and started to salt money away."

Now this may be absolutely right, I don't know, maybe salting money away is unconfident and will bring on a recession, but I've been trinking, what does this do to Benjamin Franklin?

According to Franklin, you remember, a penny saved is a penny earned, but he didn't go far enough, he should have warned us that he was misquoted, what he really meant to say was " a penny saved is a penny earned and a recession one cent nearer."

I tell you, it sure throws a different light on economy when a man has to say to himself when he holds on to a dollar, all right, keep the dollar, salt it away, if you want to throw somebody out of work. I have never looked at it in this light before. Up to now, there was always a gnawing idea lurking in the back of my mind when I started to spend some money I'd gotten my hands on that it might be better for me and the country too if I held on to it.

Understand, I have never really held on to it, but it sure is nice to get rid of this gnawing idea and to know that spending it is the answer to hard times.

I talked this over with a banker friend who was busy at the moment figuring out how he could cut down on his grocery bill, and he took time off to say I was confusing theory with reality. I will appreciate your getting Washington to straighten me out on this.

Yours faithfully,
J. A.

5 Point "Texas" Plan To Reduce Accidents

By Vern Sanford
Texas Press Association

AUSTIN—If you drive a car, 1958 will be a good year to pay closer-than-ever attention to how you drive it.

Under Governor Price Daniel's "Texas plan" to reduce highway tragedies, the spotlight will be on individual driving practices as never before.

Speeders and drunken drivers will be prime targets.

Governor Daniel is heading a drive to mobilize all the state's resources to combat "the threat of public disaster. Annual loss of life, health and property in traffic accidents," he said, "is greater than the loss sustained in all our natural disasters combined."

Five-point "Texas plan" involves (1) cooperation between all safety and enforcement officials, (2) formation of local traffic safety councils, (3) public education to the problem, (4) road improvements at hazardous spots and (5) more rigid enforcement and certainty of punishment for violations, especially drunken driving and speeding.

Last year 2,539 persons were killed in traffic and 122,000 were injured. Even so, 1957 ratio of fatalities to miles traveled was down... ...from 6.5 deaths per 10 million miles in 1956 to 6 deaths per 100 million miles in 1957.

Department of Public Safety Director Homer Garrison Jr. attributes the reduced rate to lower average speed. Texans saved 111 lives, he said, by slowing down average speed by 1.6 miles per hour.

Goal for 1958 is more ambitious .....to save 254 lives or one for each Texas county.

It's up to every Texan, said the governor, to "accept traffic safety as a do-it-yourself project."

Toward Safer Roads

An important arm of the anti-accident campaign is a $43,000,000 program to rebuild some hazardous spots in the highway system.

Governor Daniel and State Highway Engineer DeWitt Greer formally launched this work by placing a "drive carefully" sign by a narrow bridge on a farm road near Austin. Scene of previous accidents, the bridge is to be widened.

State Highway Department allocated $25,000,000 to the emergency safety construction fund, and $18,000,000 will come from federal funds.

Money Hunt

Gloomy predictions abound as government and industry leaders look toward the state's 1959 financing problems.

A "conservative estimate" by Sen. William S. Fly, chairman of the Texas State Tax Study Commission, is that $45,00,000 per year in new revenue will be needed just to maintain present state services.

Latest report by the Tax Commission calls the situation "a fiscal crisis of major proportions" and "not a temporary condition."

State and local taxes have tripled since World War II, says the report, but not fast enough to keep pace with spending needs. This is attributed to a sharp upsurge in population, especially in the under 18 and over 65 brackets. These ages require expensive services (schooling, pensions) but net little in taxes.

Oil industry spokesmen served notice that oil, even if it pulls out of its present slump, cannot produce nearly enough revenue to save the day.

Charles W. Alcorn, president of Texas Mid-Continent Oil and Gas Association, predicted a need for as much as $65,000,000 a year in extra revenue. "Even if all imported crude oil were cut off from the U.S.," he said, "we would stand to gain only about $20,000,00 a year."

More Needed

Further complicating the fiscal picture are statements, such as that of the State Board of Corrections, that it will need more money from the Legislature next year.

Chairman H. H. (Pete) Coffield said the Board will ask for $8,000,000 in building funds and a $1,500,000 increase in its operating budget.

State prisons are overflowing, says Mgr. O. B. Ellis, with more to come. Prison population (10,400) has doubled in the past seven years while population as a whole increased 24 per cent.

Anchors Aweigh

After 115 years, Texas again has a Navy.

Governor Daniel has reactivated the Texas Navy and called on the some 286,000 owners of powered craft to join up. Nucleus of the fleet will be the Texas Game and Fish Commission's 180 boats.

Their purpose will be to defend, if necessary, the 10½ miles of tidelands claimed by Texas and assist with civil defense in time of disaster.

A large early response by boat owners and previously commissioned admirals "convinces me we're going to have the largest Navy in the world," said the governor.

Texas had a vigorous, if small, navy in the days of the revolution and Republic. It thwarted Mexican efforts to blockade the Texas coast and boldly raided Mexican ports. It ended its last expedition in 1843 and after annexation was incorportaed into the U.S. Navy.

THE CHALLENGE OF TOMORROW!

Man's Exploration of outer space presents the challenge of unprecented opportunity to increase his knowledge of the universe and the deep responsibility he has learned on earth. The more man learns, the more he appreciates the teaching of his church. More and more the church shows its universal influence!

IMPORTANT ANNOUNCEMENT FROM SAFEWAY!

SAVE-A-TAPE PLAN IS BEING DISCONTINUED

TO CLEAR THE WAY FOR A BOLD NEW PROGRAM OF

LOWER PRICES!

Safeway introduced in this area the cash register tape premium plan. We called our plan "Save-A-Tape" and it has been the source of many useful and desirable gifts for our customers. We have been pleased to make these valuable premiums available to you as a part of our service, and we hope that you have been benefited from the plan as so many other thousands have. Now a point has been reached where the cost of obtaining satisfactory premiums and handling of the plan interfere with our basic service of supplying you with finest foods at the lowest possible prices. In the face of this, we believe that we owe it to our customers to drop the tape plan and concentrate on doing a better job on that fundamental service. We have found that most our customers prefer to have us do that.

Luncheon, Program Planned

Local Council Of Church Women To Observe May Fellowship Day

Church Women around the world will meet Friday to observe May Fellowship Day with a program on "A Place To Live."

The Cameron Council of Church Women will have a luncheon and program beginning at 1 p.m. at the All Saints Episcopal Parish House.

Believing that out of the nation's slums march disease, juvenile delinquency, mental illness and crime, some 10 million American church women, through local councils, will study sub-standard housing conditions in their area.

In keeping with the program, Mrs. Lester Williams, program chairman, has announced that Narvie Caperton, Chairman of the Cameron Federal Housing Project, will speak to the group on federal housing now under construction in Cameron.

The Fellowship Day program will be opened by the Rev. Richard J. Bradshaw who will give the invocation followed by a worship service lead by Mrs. Bill Burns, Mrs. John Davis and Mrs. Merlin Lester.

Mrs. Don Humble and Mrs. Calvin Markham will collect a free will offering to be used by the local Council of Church Women for migrant work.

The Rev. Ernest Davis will give the benediction.

Civic Garden Club's "Festive Fantasies" Wins State Award

Civic Garden Club received recognition at the Awards Banquet when Texas Garden Clubs, Inc. held the 30th State convention in Ft. Worth recently.

The state award was for the outstanding flower show, "Festive Fantasies" which the club staged last fall, in a class for 30 members or less staging a show in a public building.

Mrs. J. D. Wolseley, state chairman of flower shows, made the award and it was accepted by Mrs. R. G. Grabein, Civic Garden Club president.

The brochure, accompanying the application for the award, was prepared by Mrs. Leo Fuchs, chairman of awards for the local club. This was the first time that the local club has received a state award.

Young Speaks To Three Arts Club On New Program

The Three Arts Club met Thursday afternoon in the home of Mrs. James Wiggs with Mrs. Gus Evans Jr. as co-hostess.

J. R. Young, principal of Yoe High School, spoke to the club on the achievement program being started in the Cameron schools. He stated that students were being tested now and the program will be underway in September. Young added that Cameron was one of the first schools in the state to adopt this program but other school systems were showing great interest in it.

Mr. Young was introduced by Mrs. Evans, co-program chairman with Mrs. John A. Smith.

Following the meeting hostesses served a dessert plate and punch from a table centered with an arrangement of spring flowers.

The last meeting for the club year will be May 8 at the home of Mrs. Don Humble. New officers will be installed at this meeting.

Local Members In Ft. Worth For Spring Garden Club Meeting

Cameron's Civic Garden Club was well represented when Texas Garden Clubs, Inc., held their annual Spring convention at the Hotel Texas, Ft. Worth last week.

Mrs. Alvin Dusek was the official delegate for the Club. Mrs. R. G. Grabein attended as the club president and Mrs. Leo Fuchs, who holds a state chairmanship, National Gardener Circulation in Texas, attended in that capacity.

The Cameron delegation left for Ft. Worth one day early for a pre-convention affair, a visit to the botanical gardens in Ft. Worth and a Western Party, honoring the board of directors of Texas Garden Clubs, Inc.

Classes Announced

Revelation In Flowers Is Theme For Delphian Club Show Tuesday

Classes have been announced for the Delphian Club flower show, "A Revelation In Flowers" to be held May 6 at the First Methodist Church.

The classes are "Invitation"; children's arrangements, "Inspiration"; original containers featured, men s division, arrangements for backyards, patios, "Variations", mass arrangements, "Desperation"; quick tricks, novelties, "Admiration"; rose arrangements, formal tables, "Dedication"; small arrangements, trays and accessories, "Meditation"; wild flowers, fruits and vegetable arrangements, and "Anticipation"; one place setting arrangements.

The horticultural division will include classes in annuals, perennials, bulbs, corms, rhizomes, roses and potted plants.

Miss Mildred Thornton, general chairman for the show stated that a special attraction will be an art exhibit including pictures, china, ceramic, and handwork.

Miss Thornton added that entries would be accepted from 7:30 until 11:30 a.m. the day of the show. Judging will begin at 12:30 p.m.

Club officials stated that a large interest had been expressed in the flower show this year and it is expected to be one of the most colorful ever presented. They added that an exhibitor may enter as many arrangements as desired.

A&M Mothers Club Reviews Activities, Installs Officers

The Texas A&M Mothers Club of Milam County held their last meeting of the year last Thursday at the home of Mrs. C. W. Hudson.

After a short business session the following new officers were installed by Mrs. O. G. Tumlinson: Mrs. Leo Fuchs, president; Mrs. C. W. Hudson, vice-president; Mrs. Ida Johns, secretary; Mrs. G. W. McLain, treasurer; and Mrs. W. W. Balhorn, historian.

In a review of the years activities the club listed donations to the Inter-faith Chapel, the Texas A&M Hospital, and towards a vibrachord for the Memorial Student Center. They also sponsored a duchess for the annual Cotton Pageant.

Mrs. Balhorn and Mrs. Hudson were named delegates to the annual Federation of A&M Mothers Clubs meeting to be held May 10 at College Station.

During the social hour Mrs. Hudson served refreshments of ice cream and cake.

Mrs. Hickman Hosts Home, Garden Club

Mrs. S. S. Hickman was hostess for the Home and Garden Club in Jones Prairie Tuesday afternoon.

Arrangements of roses, iris and other spring flowers were used throughout the rooms.

Mrs. J. W. Drennan, president, lead the business meeting at which time the hostess book was filled in.

During the social hour the hostess served refreshments of cheese ritz, olives, cake and punch to 13 members and two guests, Mrs. Hope Jamison and Mrs. Walter Senkel.

The next meeting will be May 6 with Mrs. T. B. Stidham, hostess.

Draft Board To Hold Open House, Displays Planned

The Milam County Draft Board is planning Armed Forces Day observance in cooperation with the Armed Forces, on May 13, 1958, when Open House will be held at the Local Board Office in Cameron.

Open House hours will be from 8 a.m. to 5 p.m. and during this time displays will be provided by the United States Army and the local National Guard Unit. Miniature scale models of Army vehicles, rockets, and other Army equipment will be shown. The general public will find the display interesting and educational.

"The Army and the National Guard are planning a display that will be of interest to everyone," says Mr. Kunz, "and we cordially invite everyone to attend."

Kunz, who is Chariman of the board, says further that Army personnel will be on hand during the designated hours to answer questions or to discuss any particular part of the Army operation of interest to those calling at the office.

The Thinker . . . are you one?

A lot of drivers give very little thought to the care of their cars. Most any gasoline will do, or indifferent service. Not so the thinking man!

He knows his car is a big investment. He wants the best gasoline and motor oil and the best service he can get to prolong his car's life, improve its performance, maintain its value.

We believe that most of the men and women who come to Phillips 66 Stations are the thinking type . . . people who appreciate expert service performed by trained men.

Stop at Phillips 66 stations. See what we mean by "Hospitality on the Highway."

Charles C. Smith Seeks Re-election As County Judge

County Judge Chas. C. Smith has requested the Cameron Herald to publish the following announcement:

"TO THE CITIZENS OF MILAM COUNTY: —

"It is a privilege and an honor to have been permitted to serve you as your County Judge for the past 6½ years. I have tried to show my appreciation for your trust and confidence by rendering you capable service.

"In asking you to re-elect me to another term I want to pledge to you again my best efforts to make our County a better place in which to live. In this connection, it will be my solemn intention to continue to follow these principles:

One—To conduct the affairs of this office in an honest, business-like, efficient and energetic basis; and to be a fair, able and impartial judge while on the bench.

Two—To remain completely free of domination or influence from any group, firm, corporation or individual, and to serve only the best interests of our people.

Three—To continue our policy of maximum co-operation with the State Highway department in improving our principal highways and extending our Farm to Market road system.

Four—To give every person calling on this office with a problem a friendly and sympathetic reception, and to help him or her with that problem to the best of our ability and resources.

"I ask you to remember that the County Judge is the key figure in our County government. This is a position requiring administrative ability, maturity of judgment and judicial temperament, as well as a knowledge of our people and their needs.

"In making your decision as to whether I have any of these desired qualifications may I respectfully remind you that I am a native of Milam County, that I have 6½ years experience as County Judge served during the period of the County's greatest growth, and that I have a background of 20 years legal practice in Milam County.

"I solicit your vote and support on the basis that there is no substitute for experience. I also ask you for your help and continued loyalty in this campaign on the basis that the only sure way you can judge a man's performance in the future is to look at his performance in the past."

Robert Weems Announces For Commissioner

TO THE VOTERS OF PRECINCT 2:

I am announcing for Commissioner of Precinct 2. Having had four years' experience as Street Commissioner, I feel I have some qualifications for the job. I have had some experience on how to keep streets in shape and I promise to keep on trying to build better roads in my precinct. I will give my full time to the job as I am not managing the gin anymore. If I am elected, I promise to help build better roads economically.

I welcome the support of the voters in Precinct 2.

Sincerely yours,
Robert Weems
